ANOTHER LARGE CONTRIBUTION

Woodward & Lothrop, of Washington, Add to Hospital Fund.

OTHER DONATIONS.

Sum Now Reaches $34,971.13—When Council Shall Have Contributed Will Be Near $40,000 Mark.

The committee at its meeting last night were very much pleased at the results of the work of the day which was shown by nearly $900.00 increase in the funds, making a total of $34,662.58 yesterday, since which time there has been added $308.55, leaving only $28.87 to exceed the $34,000 mark. It is very gratifying to the committee to receive this morning a liberal contribution of $250.00 from Woodward & Lothrop of Washington. Washingtonians, as far as seen, have been extremely liberal and doubtless many other contributions will come in from that source when they are seen or when the matter is brought to their attention.

With only about $10,000 needed to complete the $50,000 fund and all the principal railroads yet to hear from, it seems that the many well-to-do citizens of Alexandria, who have not yet contributed to this fund, should now come forward and make a donation, is hoped

The Washington Dramatic Club will give an entertainment for the benefit of the hospital fund at the Opera House on the 12th of June. The western drama to be presented is entitled "Tatters" and is a very interesting and amusing play. It will be presented by a company of amateurs, who volunteered their services and are paying their entire expenses so that every cent taken in may be turned over to the hospital fund. The cost for the tickets will be the usual Opera House price of .35 and .25. The thirty-five cent tickets can be exchanged for reserved seats by paying an extra fifteen cents at Warfield's Drug Store, King & Pitts Sts., after next Monday. This club is composed of some of the very best talent to be found in Washington City.

It was heretofore stated that Mr. J. W. May contributed $20.00 to the hospital fund, but this amount has been increased by Wm. H. May & Son, Inc., to $50.00. If a large number of those who have already contributed would follow this good example, we would be a long way on the road to that needed $10,000.

GROUNDING OF U. S. S. SYLVIA.

Vessel is Now in Washington—U. S. Charts to Blame.

Official charts of the Potomac river issued by the United States coast and geodetic survey are blamed for the grounding of the U. S. S. Sylvia, training ship of the Naval Battalion of the National Guard of the District of Columbia, abreast of the upper Cedar Point lighthouse Friday evening. Official report of the board of inquiry appointed by Commander Joseph A. Dempf, commanding the Sylvia, to investigate the accident was received at National Guard headquarters today, and will be forwarded immediately to Navy Department. The report absolves Ensign Harold Crawford, who was officer on the deck and in charge of the navigation of the ship at the time of the grounding, from all blame. The vessel was not damaged, the report says.

The testimony of Lieut. Getsinger showed that he had been relieved as officer of the deck at 7 o'clock in the evening, and had just gone below deck to attend to other duties when he heard a grinding noise. He immediately went above, he said, and learned that the vessel had grounded, and then made an examination of her double bottoms and found that she had not been damaged.

Ensign Crawford declared that his chart showed the channel line to be thirty-one feet, when it was found, upon soundings, that it was not this depth within 200 feet of the lighthouse.

"I made every effort to avert the grounding, without result," he continued. "I blame the grounding to the markings of the chart and the slowness of the helm in answering.

The vessel proceeded to Colonial Beach after she was pulled off Saturday night by the United States naval tug Choctaw, and returned to Washington Sunday night.

DON'T EXPERIMENT.

You Will Make no Mistake if You Follow This Alexandria Citizen's Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills is a good remedy to use. No need to experiment. It has acted effectively in many cases in Alexandria. Follow the advice of an Alexandria citizen.

Mrs. G. W. Davis, 107 Prince street, Alexandria, Va., says: "I owe my health to Doan's Kidney Pills. I have used them frequently during the past seven years and they have often brought me relief after everything else had failed. Doctors treated me for a long while and said my case was a severe one. I had undergone tortures from the complaint and often I was all worn out. When I had almost given up hope. I took Doan's Kidney Pills. They have strengthened me and rid me of kidney trouble."

Price 50c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Props., Buffalo, N. Y.

Gander Kills a Baby.

Greensburg, Pa., June 3.—Angered by a crowd of children, who were approaching his gabbing family, a big gander viciously attacked William, the 20-months-old son of Martin Yochel, of Claridge, Monday night and inflicted injuries so severe that the child died in a short time.

The baby was at play with some other youngsters in the same yard with the old gander and a mother goose with her flock of young. The gander showed fight at the playing children, and the older ones, frightened at his hissing, ran back, while the little baby kept toddling toward him. He viciously assailed the little one.

DYNAMITER IN POLICE COURT

Watchman at Agricultural Department Faces Fine And Prison.

BECKMAN REAL HERO.

Man Who Planted the Dynamite Incessant Cigarette Smoker—Failure of Game For Promotion.

Washington, June 3.—Daniel V. Jauch, watchman at the Department of Agriculture, who created a panic among the several hundred clerks in the main building by planting a quantity of dynamite in the basement directly beneath the office of Secretary Houston, extinguishing the fuses, then scurried through the corridors shouting that the building was about to be blown up in the hope that he would be hailed as a hero and win promotion, was arraigned in Police Court this morning.

The charge on which Jauch was arraigned was violation of section 925 of the District code, which provides "that whoever places, or causes to be placed, in, upon, under, against or near to any building car * * * or structure, gunpowder or any explosive subtance of any kind, whatsoever, with intent to destroy, throw down, or injure the whole or any part thereof, although no damage is done, shall be punished by a fine not exceeding $1,000 or by imprisonment not exceeding ten years."

The prisoner smoked cigarettes incessantly.

The "discovery" of the dynamite in the basement of the building by Jauch, followed by his hysterical yelling as he ran through the corridors, created one of the worst panics in Government buildings in Washington recently.

It was learned today that Gustave Beckman, one of the other watchmen, proved the real hero of the occasion. While pandemonium reigned, and men and women rushed from the building in fear of their lives, Beckman grabbed Jauch by the arms and demanded that he show him where the dynamite was. Not knowing but what the building might be blown to pieces at any second, Beckman forced Jauch to take him to the basement and show him the dynamite. Beckman saw that the fuses were out, and then went upstairs and assured the officials that whatever danger there had been was past.

Jauch was held for court.

STEAMER LOST.

Search for Freighter F. J. Luckenbach Fails and Crew of 29 Probably Have Perished.

Norfolk, June 3.—Hope for the missing freighter F. J. Luckenbach, of Baltimore, practically vanished today with the announcement that Captain Sims, in command of the north-bound torpedo boat flotilla, has abandoned search for the vessel.

He scoured the coast from Cape Canaverel northward on his return from Vera Cruz, working out the problem as though he were hunting for an enemy's ship. Not a trace of drifting lifeboats or wreckage which could be identified as the Luckenbach's was found.

When this word was received at the navy yard today, marine men felt that the freighter and her twenty-nine men had perished.

A marriage license was issued in Wahington today to Albert L. Alexander, of this city, and Susie C. Garrett, of Alexandria, Va.

HOBSON IN RICHMOND.

Alabama Congressman Draws Lurid Picture of Evil Effects of Alcohol.

Richmond, June 3.—Prophesying the day when prohibition laws would be written in the Constitution of the United States and would become effective throughout the world, Richmond Pearson Hobson, member of the House of Representatives from Alabama, said last night in an address in the John Marshall High School auditorium, that he would rather see the combined armies of the earth invade the United States, defenseless as the country is, than to see the liquor evil go unchecked.

The audience was small, only between 250 and 300 people being present, when Mr. Hobson appeared on the platform.

Surprises Her Husband.

Chicago, June 3.—Popping suddenly out of a clothes hamper when hubby thought she was out of town, Mrs. Adeline Lylesaw—well she saw enough—she told the police to cause her to pack her belongings today and go home to her folks in Portland, Oregon.

Mrs. Lyle got the clothes hamper idea from a play, but she improved upon it. She carried a bottle of ammonia and a cloth and with the ammonia-soaked cloth she swabbed the face of Miss Mabel Charlebois, the stunning blonde she alleges was in the room.

Ends Life Before Mirror.

Philadelphia, June 3.—Worry over a divorce suit, with which his wife is said to have threatened him, was the motive for the suicide of Harry Fuchs, 26 years old, of No. 284 Vernon street, Brooklyn, who yesterday fired a bullet into his brain in his room in a Filbert street hotel. Fuchs sat in a chair before a small writing table, in which there was a mirror, and, gazing at his reflection in the glass, pressed the muzzle of a revolver against his temple and fired.

PEACE IN MEXICO UP TO CARRANZA

Huerta Ready to Abdicate When Proper Government is Set Up.

AWAITING THE ISSUE.

Insistence of Mediators That With Dicator Eliminated, Peace Conditions Will Follow.

Washington, June 3.—Re-establishment of peace in Mexico is "up to" Carranza.

This was the judgment of officials here today, the result of important overnight mediation developments at Niagara Falls. Confidence that a solution would speedily result satisfactory to the constitutionalist, as a result of Huerta's notice to the A. B. C. envoys that he stands ready to resign upon "political pacification" of Mexico, was generally expressed.

Huerta's open agreement to retire, known privately in official circles since his representatives to Niagara received their instructions at Mexico City, paved the way, it was believed, for a certain solution acceptable to Carranza.

Administration officials here today redoubled their efforts to influence the constitutionalists to accept the proposal of the mediators. The chief stumbling block, with Huerta practically eliminated as a personal factor, was the insistence of the mediators for settlement of Mexico's internal affairs. Some way will be found, officials here confidently stated, to overcome objection of Carranza to this proposal.

NEW CHANNEL AT GUNSTON.

To dig a channel through the flats into the new wharf at Gunston, Va., the dredge Daniel, will leave Washington this week for Gunston cove. It is stated that about a week will be required to do this work and the new Gunston wharf will then be a regular stopping point of the river line boats.

FISH HATCHERY IS CLOSED.

Marked Decrease in Number of Shad in River Is Noted.

Shad spawn-taken operations at Bryan's point, five miles below Alexandria, propagating station of the bureau of fisheries are over for the season of 1914.

The total take of shad eggs in the season just closed was 29,000,000, a decrease of 1,500,000 as compared with 1913, and an enormous drop-off of 59,700,000 as compared with 1912 It is asserted that the decrease in the number of shad in Chesapeake bay and its tributaries is largely due to the fact that late in the autumn, when the young shad are on their way to winter abiding places they are caught in large numbers in nets.

TRENTON REACHES NORFOLK.

Little Steamer Soon Begins New Duties on Chesapeake and Albemarle Canal.

The little propeller steamer Trenton, which has been operated on the Potomac river for the past ten years, and which left here in the latter part of last week for Norfolk, has arrived in safety at that port, and is being made ready to take up work for her new owner, Captain B. T. McHorney, who recently purchased the steamer from the Potomac and Chesapeake Company of this city.

The Trenton is to be placed upon a route out of Norfolk, through the Chesapeake and Albemarle canal, to points on the North Carolina sounds, to run potatoes, cotton, tobacco and other eastern North Carolina products. The Trenton was brought here from the Delaware river about ten years ago to run on the upper river routes in opposition to the old Randall line. Later her route was extended to Upper Machodoc creek, out of which she ran for several years, until purchased by the Potomac and Chesapeake Steamboat Company.

Mr. Moore shook his fist at Frank Morrison, secretary of the American Federation of Labor, a spectator in one of the galleries, and declared that he would not be influenced in his vote by the presence of Mr. Morrison or any other labor representatives.

UNVEILING MONUMENT

Many Alexandrians Will be Present at Exercises at Arlington Tomorrow.

Members of R. E. Lee Camp Confederate Veterans, have made all arrangements for attending the unveiling of the Confederate Monument at Arlington tomorrow. Many other Alexandrians have signified their intention to be present. Two special trains will be operated, one at 1:00 p. m. and the second at 1.30 p. m. The members of Lee Camp will use the latter train.

The monument is about 30 feet high and some 15 feet through at the base.

The large figure at the top represents the South, one hand holding a wreath for the past, but with the right hand resting on the handles of a plow. The smaller figures below represent the sacrifices, the devotion, the heroism of all classes of the South in upholding and fighting for what they passionately believed to be the right. On the base of the monument are the words:

"They shall turn their swords into plowshares and their spears into pruning hooks."

Born in Virginia in 1844, Moses Ezekiel, the sculptor, was one of that gallant little band of boys who as cadets at the Virginia Military Institute volunteered for service on the battle field for the Confederacy. Along with the other survivors of that terrible fight at New Market, young Ezekiel was placed between the union troops and the capital of the Confederacy. He was captured and imprisoned. After the war he returned to the Virginia Military Institute and while in Lexington he came to know well General Robert E. Lee, to whom he confided his ambition to study art. Being encouraged by the great Southern chieftain young Ezekiel managed in 1870 to go to Berlin and begin his studies.

Looking 15 to 20 years younger than his 70 years he is active and does not even wear glasses.

Felon Transport on Exhibition at Washington.

The old British convict ship, Success, now the only survivor of the "Ocean Hells" as the ships of England's fleet of felon transports were called in the first half of the last century, passed Alexandria yesterday afternoon and is now at Washington.

Built in 1790, at Moulmain, the Success is now 123 years old. No ship of anything like her great age today is seaworthy, yet this old hulk under her own sail crossed the Atlantic.

Massively built throughout of solid Burman teak the Success was first launched as an armed East Indian merchantman.

The Success had an honored life on the ocean until 1802, when it was first chartered by the British government to transport to Australia the overflow of the home jails, the unfortunate wretches who at that time were sentenced to from seven years to the term of natural life for offenses that would now be considered trivial and petty, warranting at most but a small fine.

CITY'S HOSPITAL GIFT

Called Meeting of Council Yesterday Afternoon to Provide for Appropriation.

There were called meetings of both boards of the City Council yesterday afternoon at four o'clock for the purpose of accelerating the movement of the city fathers for a donation of five thousand dollars toward defraying the expenses of erecting a new Alexandria Hospital.

At the last regular meeting, it will be remembered, the Board of Aldermen adopted the report of the finance committee recommending an appropriation of five thousand dollars. The Common Council yesterday nonconcurred in the action which the appropriation made was not regarded as satisfactory, it being urged that the present Council would be appropriating money which it was thought should be disbursed by the incoming Council.

An ordinance appropriating five thousand dollars for the purpose, under certain provisions, was introduced in the lower board and referred to the finance committee. The Aldermen subsequently receded from their action and concurred in that of the Common Council.

The Aldermen will hold an adjourned meeting tonight for the purpose of receiving the report of the committee on the ordinance.

The Common Council will, it is thought, meet Friday and concur in the action of the Aldermen, which board will doubtless adopt the ordinance tonight.

RESOLUTIONS OF REGRET.

Intelligence having been received of the death, on 23rd instant, of Doctor Launcelot Minor Blackford, the following minute in reference thereto was unanimously adopted at a called meeting of the Vestry of Christ Church, Fairfax Parish, Alexandria, Virginia:

"The Vestry of Christ Church deem it equally a privilege and a duty to record their estimate of the worth of their late beloved brother and oldest member, Launcelot Minor Blackford.

For more than thirty-six years a communicant and a vestryman, and for more than thirty years the delegate from this church to the Diocesan Council, he had for almost half his life been intimately associated with Christ Church.

As a Christian, he was modest earnest, and devout; as a vestryuan and delegate to the church councils he was judicious, indefatigable and self-sacrificing; his loss must long be keenly felt and mourned by pastor and people.

The vestry bear emphatic testimony also to the simplicity, purity and benevolence of his character as a man; to his scholarly attainments and wonderful ability as an educator of young men; to the life he led and the example he has left—both a precious heritage to his children and a boon to the community where he lived.

They desire to express to his surviving family their sincere sympathy in their bereavement."

It was resolved that a copy of the above be sent to the family of the deceased and be published in the Alexandria Gazette and the Southern Churchman.

Weigh Yourself Before Using

Weigh yourself before commencing to use Samose, the great flesh-forming food. The wonderful sale on this preparation since first introduced in Alexandria and the remarkable results following its use have made E. S Leadbeater & Sons such enthusiastic believers in the great value of Samose that they give their persons' guarantee to refund the money if Samose will not make thin people fat and restore strength and health to those who use it.
This is a strong guarantee, but E S. Leadbeater & Sons have seen so many of their customers who a few weeks ago looked like walking skeletons become plump and well, solely through the use of Samose that they feel they cannot say too much to induce people to try it.
This marvellous flesh-forming food is assimilated as soon as it is taken into the stomach, makes good rich blood, tones up the weakened system, helps to assimilate the food and makes the user plump, well and rosy.

The Blue Serge Suit has a standard value as an outing or summer garment that cannot be discredited or reduced in the slightest degree. We have ready large stocks of fine Blue Serge Suits in many models, a goodly number of which are made expressly for us by Hart, Schaffner & Marx. It is pretty generally conceded that London sets the style; we have the London type and the more conservative also.

$15. to $35. each

Our special $25.00 Blue Serge Suit is a value that far surpasses our best efforts. In former seasons the suit made of this same quality material has been priced at $35.00. The lowering in price is due to change in tariff, as the fabric is a fine imported English, the other a modified style.

D. D. D. Opens New Era in Cure of Skin Disease

Professor Budlong's case of eczema was known to almost every hospital and physician of reputation throughout the state of Connecticut. His letter is another interesting demonstration of what is being accomplished by the famous specific D. D. D. Prescription. "It may be of interest to you to know that your life-giving preparation, D. D. D. Prescription has been of incalculable value to me. I was covered with eczema from head to foot when I began using your remedies. I could get no relief, although I tried a thousand means. I applied but two bottles of the Prescription; a cure was effected in a very short time, in less than one month."—Prof. C. J. Budlong, South Lyme, Conn.

Ask any druggist today for D D. D. Prescription. He'll tell you it allays the itch instantly—and soon there are signs of cure.

We have handled the remedy for years and regard it as the specific for skin troubles of all kinds. Come in or ask us about D. D. D. Prescription, also about D. D. D. soap especially for tender skins.

We offer the first full-size bottle on the guarantee that unless it stops the itch at once, it costs you not a cent.

WEST WANTS LABORERS.

"The harvest is great and the laborers few," was an observation made at the beginning of the Christian era. Similar conditions exist today while Coxey armies are forming and the ranks of nomads are increasing under the summer's sun.

Eighty-five thousand men are wanted in Kansas, Missouri, and Oklahoma to aid in harvesting this year's record wheat crop.

Wages in Kansas are from $2 to $2.50 a day and board, and work for from 90 to 120 days.

In Missouri the wages are from $2 to $3.50 a day for from three to six months, beginning June 15.

For many years the labor problem has been serious in the west and northwest. In one state in that section some time ago the authorities sent out officers and conscripted all able-bodied vagrants and forced them to work in harvest fields. The crop at that time were about to be ruined from standing too long in the fields.

Agriculturists in those sections are up against the same proposition this year. The government and state authorities have had the facts described above advertised in every direction, but the applicants for positions are few.

APPROACHING FOURTH OF JULY.

As the national holiday draws near the authorities of the larger cities in the country are preparing for its safe and sane observance. Movements started on these lines several years ago in certain places have appealed to the common sense of the country, and in nearly all cities the practice of attempting to make as much noise and din as possible is giving way to more sober and serene enjoyments on the anniversary of the Declaration of Indenpendence.

Mayor Fisher of Alexandria since his introduction into office has manifested special interest in the proper celebration of this event as well as Christmas,, and he has yearly issued orders that the law forbidding the sale and use of explosives in this city will be enforced against all offenders.

Some people are disposed to regard the existing laws as depriving the young of enjoyment on Fourth of July and Christmas. But the many distressing accidents which are the direct result of the careless handling of pistols and explosives shows such amusements are by no means innocent.

DIFFICULTIES IN EVERY BUSINESS.

Every business man is confronted now and then with difficulties which make him think that his business is just a little harder to handle than any other. The newspaper game in not immune from troubles that sorely beset the publisher at times. The Gazette has for the past few days undergone some of the problems which has made the issuing of a newspaper just a little harder proposition than usual. Mechanical defects, illness of employees and a few minor discords have delayed the hour of issue and made it necessary to curtail the number of pages. The kinks are rapidly being straightened out and in a few days it is hoped that the troubles will have vanished.

CALLS ON HOBSON TO EXPLAIN LIQUOR FACTS.

The Richmond Times-Dispatch of today publishes a significant cartoon on the first page in connection with the visit of Richard Pearson Hobson, the Alabama Congressman, to Virginia, in the interest of the prohibition movement. Hobson is shown holding up a slate upon which is printed Alabama's prohibition record as follows:

Adopted State-wide prohibition 1908.

Voters defeated effort to place prohibition in the constitution by 27,000 plurality 1909.

Hobson's own district voted against it by a large majority.

Blind pigs, bootleggers and kitchen dives multiplied to such an alarming extent under prohibition that the legislature responded to public sentiment and passed a local option law 1911.

The question might well be asked Mr. Hobson: "Why should Virginia adopt a policy which your own state has rejected?"

NEWS OF THE OLD DOMINION

OFFICERS IN CAMP.

One Hundred and Eighteen Report for Duty at Camp Marye.

"Camp Marye," Near Fredericksburg, Va.' June 3.—One hundred and eighteen officers of the Virginia volunteers and six United States army officers had reported for duty at the officers' camp of instruction yesterday.

General Vaughan, who is in command, has designated the camp as "Camp Marye," in honor of the famous heights near which tents have been pitched. The camp is in perfect condition, having been arranged under the orders of Captain Tribbett, of the quartermaster's department.

A number of officers spent Monday listening to lectures by Colonel Jo Lane Stern and Captain Arthur Shipp on the engagements near Hamilton's Crossing and Chancellorsville.

The talks took place on the actual location at which the fights took place and it was a matter of especial interest that Colonel Stern took part in the fight at Hamilton's Crosing. The spot where General Stonewall Jackson fell was visited by many of the officers.

The work commenced promptly yesterday morning at 6 o'clock, when the bugle called the officers from their cots.

Many entertainments have been planned by the hospitable citizens of Fredericksburg, but General Vaughan will not permit any amusement until Friday evening, when the duties of the camp will have been accomplished. On Friday evening a dance will be given in the town to the officers.

The camp is half a mile from the city on a plateau overlooking Marye Heights and is approached by excellent roads. Army officers on duty here say that the camp is ideal in arrangement and in location.

On Friday afternoon General J. Thompson Brown, of Richmond, who took part in the fights around Fredericksburg, will deliver a lecture on invitation of Captain Shipp, United States army, senior officer in charge of instruction. Governor Stuart and General Sale are expected to visit the camp later in the week.

Captain F. L. Slaymaker of the Alexandria Light Infantry, is in attendance.

COULDN'T GRASP BIBLE.

Suffering From Religious Mania, Richmonder Takes His Life.

Richmond, June 3.—Religious mania is believed to have been responsible for the suicide Monday night of 1222 East Marshall Street of Thomas W. Watkins, forty-four years old, employed at fireman by the electrical contracting firm of the William H. Jenks Company.

The Rev. Father J. T. Magri, who visited the man both Saturday night and again on Monday, says he is positive Watkins lost his mind over religious matters.

"He stated to me," said Father Magri, after learning of the suicide, "that he had read several passages in the Old Testament, but could not understand them. I learned that he had read most of the heart-rending passages in the Bible, and this seemed to play upon his mind. He explained to me that he felt that his enemies were surrounding him and meant to do him harm. I told him that this was all imagination and that if he desired to read the Bible he should pick out more encouraging passages. I accordingly advised him to read the New Testament."

It was about 8 o'clock when Watkins whipped out a revolver in the presence of his wife and calmly announced that he was going to kill her. With a scream of fright, Mrs. Watkins rushed from the room and down a flight of stairs, where she collapsed. A moment later Watkins sent a bullet crashing through his brain, killing himself instantly.

HELEN MORTON SUED.

Charged With Breaking Contracts to Purchase Farm and to Buy House.

Warrengton, Va., June 3—Two judgments, one for $3,000, and the second for an unspecified amount, were filed in the Warrenton circuit court here yesterday against Miss Helen Morton, Chicago horsewoman and niece of the late Paul Morton, Secretary of the Navy in President Roosevelt's Cabinet, and well known in Washington society.

The first of the judgments was filed by Blair Johnson, who declared that several weeks ago he had contracted with Miss Morton for the purchase by her of a 100-acre stock farm, two and one-half miles from Warrenton, for a price said to have been $16,000. He received $1,000 in cash and notes for the remainder. The judgment filed by Johnson states that Miss Morton later asked that the contract be broken. She is said to have told friends that she could not and would not take possession of the farm. Johnson asked the court to affirm the judgment of $3,000.

The second of the judgments was filed by E. A. Russell, well-known Virginia stockman, who stated that several weeks ago he had sold to Miss Morton a blooded horse, and that after Miss Morton had kept the animal a short time, returned it to him, explaining that she "did not want the horse, and would not keep it." The judgment did not specify how much money is wanted.

Miss Morton was not present during the preliminary proceedings, but was represented by counsel.

She is still at the home of Frank S. Neer, at Delaplane, Va.

The Rev. Charles Hannigan, a missionary priest, will deliver a series of sermons on the fourth Sunday of every month at the Young Men's Sodality Lyceum, commencing on June 28th.

YOUNG WOMAN DROWNED.

Meets Death While Attempting to Board Launch at Highway Bridge.

Miss Lillian Runk, 28 years old, of 1305 Euclid street northwest, Washington, was drowned Monday afternoon in the Potomac while attempting to board a launch from a batteau at the south end of the Highway bridge on the Virginia side. C. E. Ingling, commodore of the Corinthian Yacht Club, narrowly escaped death in an effort to save the young woman. He was picked up by a Mr. Hutzler, who reached the scene of the accident in a boat in time to make the rescue.

Miss Runk and Ingling left the yacht club in a batteau shortly after 6 o'clock to board Ingling's launch, the Vika, which was anchored out in the river. While attempting to board the launch the batteau swung from under them, and both went into the river. Miss Runk, who could not swim, seized Ingling and drew him under several times. The cries of the pair were heard on shore, and a swarm of boats put out to the rescue, but when they reached the spot the young woman had disappeared.

Ingling was hanging to the side of the launch in an exhausted condition, and was about to let go his hold when the rescue party reached him. Miss Runk's body was recovered a few minutes later floating down the river.

Owes His Life to This Lung Remedy

If you neglect a continued cough or cold you are in constant danger of easily contracting serious Lung Trouble. The cough or cold which does not yield to ordinary treatment should be a warning to you and preventive measures should be taken as soon as possible. In many cases Eckman's Alterative, a remedy for Throat and Lung Troubles, has brought permanent recovery. Read this:—

Catherine Ave. and Ascot Place,
Queens Court, L. I., N. Y.

"Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty short cough. I went to several doctors, who gave me a lot of medicine. Finally, I went to a specialist, who gave me creosote that made me sick of all kinds of food; consequently I failed in health. I then went to the Catskills, and seemed to get better, but the cough still kept up. I stayed there for one year, and then went to a farm near Jersey City, a very sick man. About the time of my return, my brother recommended Eckman's Alterative to me very highly. It is now nearly two years since I first took it. I am now well, and I dare say that I would have been buried long ago if it had not been for Eckman's Alterative." (Affidavit) JOSEPH J. TROESCHER.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Broncho Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists
